**Pitt's Threshing Machine.**

PITT'S Machine for Threshing and Cleaning  
Grain stands without a rival in the world. It  
is the first successful portable machine of its kind  
ever put in operation in this or any other country.  
It was offered for the public use before the har-  
vest of 1837, and from that time down to the pre-  
sent moment there has been no improvement made  
in the principle of the machine by any inventor  
in the same line.

At the great trial of Threshing Machines in the  
Kingdom of France, in competition with the best  
Machines of all foreign countries, the Pitt's Inven-  
tion won the highest prize given to any exhibitors  
for competition.

At the great trial in France, in 1855, the net re-  
sults of a half hour's earnest work by the rival  
threshers and six men with flails (a force estimat-  
ed about equal to one of the machines), is as fol-  
lows:

|                           |                    |
|---------------------------|--------------------|
| Six men with flails,      | 60 litres of wheat |
| Pitt's American Thresher, | 740 "              |
| Caton's English Thresher, | 410 "              |
| Daniel's French Thresher, | 250 "              |
| Pitt's Belgian Thresher,  | 150 "              |

Thus it is seen that the American Machine  
threshes and cleaned 740 litres of wheat in 30 min-  
utes, and the English, French and Belgian Ma-  
chines combined, but 810; showing that the dif-  
ference between the American, and three others  
combined, was only 70 litres of wheat in favor of  
the latter.

The machine is manufactured and sold by H. A.  
PITTS, one of the inventors and patentee, at  
Agricultural Warehouse, West Randolph st., Chi-  
cago.

Also, Pitt's Improved Double Pinion Horse Pow-  
er, for either eight or ten horses. The Power re-  
ceived the premium at the last Illinois State Fair,  
held in Chicago.

Answers given by return mail to inquiries  
in relation to price of machine, terms of payment,  
&c. Direct to the undersigned, box 646, Chicago,  
Ill. [247 m3] HIRAM A. PITTS.

**BRIDS,** Silk and Worsted, Linen Edgings, lat-  
est styles, for sale at the store of  
FERRY & WALLACE.

**To Lumbermen.**  
JUST printed and for sale, at the Times office, a  
very neat and convenient table of sawlogs re-  
duced to board measure—the calculations are cor-  
rect and reliable, and the size and shape conven-  
ient for use.  
Every man engaged in lumbering ought to be  
provided with this table, to enable him to make  
his own calculations on the contents of logs. The  
expense is but trifling.
